Good Day,

Please Read very carefully. I am Dr. Justice Kelvin. I'm the credit officer in a Bank here in Ouagadougou Burkina Faso. I have a business proposal in the tune of US \$ 12.5M (TWELVE MILLION FIVE HUNDRED THOUSAND UNITED STATES DOLLARS) after the successful transfer; we shall share in a ratio of 40% for you and 60% for me. I want to front you in the bank so that you can apply for the claim of this fund as the next of kin to our late customer who died years ago with his entire family while on holidays and several attempts have been made to locate his family without success.

You should understand that as an insider in the bank I will do everything possible to protect your interest and to make sure that I follow things up as soon as you are willing to work this out with me because I will not want this money to go into the government purse. Should you be interested,

please contact me so that we can commence on all arrangements and I Will
give you more information on how we would handle this project.
Please treat
this business with utmost confidentiality and send me the Following
information:

- (1)Your)Full names:
- (2)your Private phone number.....
- (3)Your Current residential address:.....
- (4)Occupation:.....
- (5) Age

Here is the website for more information about the owner of the
fund's death
